Memorandum of association of
European Network for Health

The European Network for Health is not for profit. Its purpose is the promotion of individual behaviours in daily life which favour motor activity, correct life style, awareness paths and active citizenship.

The objectives are pursued through the following activities:

- training of sports technicians and technicians of mountain and trekking sectors;*
- integrated sports activity with athletes with and without disabilities, including people at risk for social emergencies;*
- cultural, social and sports promotion activities with all communication media: videos, books, booklets, brochures, photos, social media, etc. ; - promotion among other people in order to favour affiliation to **The European Network for Health**;*

The Board is composed by a member for each country represented in the Network. The members of the Board will appoint the Spokesperson of the Network within two months from the foundation.

Read, approved and signed in Amsterdam on 11 October 2019 .
